

# Sponsor a Child

See the difference you can make in a child's life

Join Sustainable Cambodia's worldwide community of sponsors ~ Connecting good people around the planet with families and children who desperately need their help. Your sponsorship creates amazing opportunities in the lives of these remarkable children and their families, helping them create a sustainable quality of life. Your sponsorship not only supports the child's education, but extends beyond school to their homes: Along with support from Rotary clubs around the world, it brings far-reaching community development programs that empower families to build knowledge, experience and confidence to generate sustainable income.

With your sponsorship, you will receive a Sponsorship Package on the child, and periodic Child Reports. Like all our programs, every dollar goes directly to the program, with no corporate overhead. By our founding principles, only native Cambodians may be employed as paid staff, and all international officers, directors and consultants must be unpaid volunteers, ensuring that 100% of funding goes directly into the programs. The young person below needs a sponsor. We hope you can help.

## Davin TAN

Davin is a 16 year old from Ra. She is from a family of five children. Her three brothers are 10, 19 and 23 years old and her older sister is 26. He likes tennis and football. At school her interests are Khmer, math, English and general knowledge. He wants to be a doctor in the future.

Note to Sponsors: In addition to students in grades 1-12 in the SC school, SC has numerous preschools and nearly 60 students who are attending university in Cambodia on scholarship. The SC grade school is a supplement to the Government school, not a replacement. In developing countries, including Cambodia, it sometimes takes students several more years to complete secondary school, so it is not unusual for a student 18 or 19 years old to be in grade 12. The important thing is that they stay in school. Last school year, more than 90% of our grade 12 graduates qualified for and received university scholarship! That is what sponsorship can make happen!

### Sponsorship Availability:

- USD \$150/year Child Home Life Sponsor: To help provide the student's family with clean well water, food production and gardening, income generation and basic healthcare for the family and student.

Checks may be made payable to either: 1) the Rotary club or group that is organizing the sponsorships, or 2) Sustainable Cambodia, Inc., and mailed to: 101 SE 2nd Place, Suite 201-B, Gainesville, FL 32601 USA
